### Success You Can See

"To ask for an accurately quoted project that is due in less than eight weeks [and to have you] step up and implement a functional solution in less than four weeks, on time and under budget is incredible."

-Source: Koch  
Reference Letter

"The end result was a fully functional application delivered on our original date and within our budget. [Thank you for] the truly amazing job your team did getting our project back on track."

-Source: Tufts Health Plan  
Reference Letter

You have business challenges, information problems and a sense that your technology should deliver more. You have a need for solutions, not more pieces, not another bag of parts. Fishbowl Solutions is a software and services organization committed to your success. With recognized experts in Enterprise Information Management (EIM), Enterprise 2.0 (E2O), Mechanical Computer Aided Design (MCAD) and Information Architecture (IA), Fishbowl Solutions designs, develops and delivers solutions to real business problems. Our solutions are faster, our experts are brighter and our costs are low, so your ROI is greater.

### Solutions, Strategy, Success

Since 1999 Fishbowl Solutions has successfully delivered hundreds of expectation-exceeding business solutions. With focus, specialization and demonstrable success across sectors, Fishbowl Solutions has proven that they understand how to craft solutions that work. With fully supported software, Fishbowl Solutions is able to maximize solution delivery efficiency without costly or time consuming reinvention.

### Value from Partnerships, Value from Experts

Fishbowl delivers value. Our partnerships allow inside access and tight integrations. Fishbowl is an Oracle Partner for Enterprise 2.0 and Enterprise Content Management solutions. Fishbowl is a Parametric Technology Corporation (PTC) Gold Partner for Windchill, Pro/Engineer, MCAD and product life cycle management (PLM). As a strategic partner of Oracle and PTC, Fishbowl Solutions is fully equipped to deliver solutions to real business problems on top of world-class software.

Fishbowl Solutions' teams of experts come from diverse and experienced backgrounds. With Fishbowl leaders each having 10+ years of experience with Oracle and PTC technology and with thousands of development and deployment hours logged, our expertise is ready to be put to work for you. This means that Fishbowl Solutions has the history to ensure future success.

### Happy Customers

With so many successes at their back Fishbowl Solutions is the best choice to design, develop and deliver your next solution.
